DE-NS258-Z
Weatherproof Network Speaker

FEATURES

DECS Network Speaker is perfect for outdoor environments in most climates. It allows users to remotely warn off intruders before they commit a crime, to deliver instructions during an emergency or to make general voice messages. Built-in memory supports pre-recorded messages, or security personal can respond to notifications with live speak. Digital signal processing (DSP) ensures clear sound. Open standards support easy integration with network video, access control, analytics, and VoIP (supporting SIP).

▶ All-in-one speaker system
▶ Connects to standard network
▶ Simple installation with PoE
▶ Remote health testing
